b. COMMENT ON SPECIFIC ASPECTS OF THE PERFORMANCE, REFER TO PART III, DA FORM 67-9 AND PART IVa, b, AND PART Vb, DA FORM 67-9-1.

MAJ Hasan performed all duties as a staff psychiatrist at Carl R. Darnall Army Medical Center in a superb manner. In the four months since his arrival, MAJ Hasan's strong work ethic, professionalism, sound judgment and willingness to take on various responsibilities and tasks have been critical in the overall delivery of behavioral health care at the largest behavioral health department in the U.S. Army. His hard work in the evaluation and completion of psychiatric narrative summaries as part of the medical evaluation board process was essential in helping eliminate excessive wait times that Soldier's were experiencing as pertained to the Medical Evaluation Board process. He identified deficiencies in the coding of workload as relates to the psychiatric evaluations provided as part of the narrative summaries, with the result of doubling the workload credit and providing a more accurate representation of required psychiatric assets. MAJ Hasan repeatedly demonstrated his willingness to be a team player by taking on significant additional duties including clinical consultation to the Department of Substance Abuse Services and filling in as Chief of Consult Liaison Services and Chief of Inpatient Psychiatry when needed.

c. COMMENT ON POTENTIAL FOR PROMOTION.

MAJ Hasan is an outstanding physician who has the potential to excel within the AMEDD. He should be selected for positions of increasing responsibility. Promote now.
